

# i30

# The new i30 Hatchback.

Wider grille with chrome-coloured highlights.

Sleek new full LED headlamps and integrated V-shaped Daytime Running Lights.

Dual chrome bezels in the lower rear bumper.

## Design highlights. Elegant from every angle.

The refined surfaces and precise lines that have made the award-winning i30 so successful have now been updated with a wide range of sleek new design elements. Bolder and more elegant, the sophisticated new grille and redesigned bumper emphasise the i30's more modern stance. Another touch of subtle sophistication is added by the completely reimagined air intakes with their metallic wing accents. The new, slimmer LED headlamps and integrated V-shaped Daytime Running Lights put the finishing touch on the refreshingly elegant front-end design. The clean profile is accentuated by the strong character line, which arches elegantly from the new LED headlamps in the front, all the way through to the rear LED combination lamps.

# The new i30 Wagon.

## Designed to move you - and all your stuff.

Redefining beauty with a generous portion of roominess, the new i30 Wagon is bringing new levels of design flair to the class. Precisely sculpted surfaces, a tapering silhouette and elegant new design details give the i30 Wagon an air of sleek, simple sophistication. This clever estate wagon is shaking up the segment with its refreshingly elegant design coupled with excellent versatility and space.

# Hyundai SmartSense.

The new i30 now also features an improved Hyundai SmartSense package – our cutting-edge Advanced Driver Assistance Systems – built to provide you with more safety and peace of mind. Combining front and rear radar with a multifunction camera, the active safety offering has been updated to include Lane Following Assist, and Blind Spot Collision-avoidance Assist. Rear Cross-traffic Collision-avoidance Assist is also available for the first time. When reversing out of areas with low visibility, like in parking lots, the system warns you if vehicles approach from the side – and also automatically applies the brakes.

**Forward Collision-Avoidance Assist (FCA).**  
Sensing the road ahead with radar and a camera, FCA warns you and then automatically brakes when it detects sudden braking by a car ahead. The system also detects pedestrians and cyclists.

**Lane Keeping Assist (LKA).**  
Uses the front camera to monitor the lines of the road. In case of an unintended lane departure, it will warn the driver and can apply counter steering torque to guide the car back to the lane.

**Lane Following Assist (LFA).**  
When activated, it keeps the vehicle centred in its lane at speeds between 0 and 180 kilometres per hour on highways and city streets.

**Blind Spot Collision-Avoidance Assist (BCA).**  
Using two radar sensors in the lower rear bumper, the system warns you of traffic in the blind spot area. Should you set the turn indicator in such a situation, it will sound an acoustic alert and brake to avoid a collision.

**Rear Cross-traffic Collision-Avoidance Assist (RCCA).**  
When reversing out of areas with low visibility, the system not only warns the driver if vehicles approach from the side – it also applies the brakes automatically.

**Driver Attention Warning (DAW).**  
When a pattern of fatigue or distraction is identified, the system gets your attention with an alert and pop-up message suggesting a break.

# Get into a sophisticated new level of comfort.

Wireless Smartphone Charger

Supervision Cluster with 7.0" LCD and Rheostat

8" Apple CarPlay™ and Android Auto™ infotainment system

## The i30 interior.

Get inside any one of the elegant new i30 variants, and you'll feel the attention to detail instantly.

The simple elegance of the dashboard, cabin surfaces, and fixtures creates a premium feeling of quality and space. Now featuring an updated, more modern interior design, the sophisticated cockpit is now equipped with more refined air vents and three new interior garnish colours to choose from. Armed with the new 7" digital cluster and a new 8" Apple CarPlay™ and Android Auto™ infotainment system for an even more high-tech look.

You have enough to take care of.

**Let us  
take care of you.**

Life is good. But it can also get really busy. Your job, your kids, your parents. Sometimes, you have a million things on your mind. So it's reassuring to know that when you get inside a new i30, you can relax - because everything is taken care of. We've designed and equipped the new i30 Hatchback and i30 Wagon with the latest smart tech: first-class safety features, clever connectivity and highly efficient powertrains. Technology that is always ready to take care of you.
